and much more...

DecoStudio[®] e1

Your in-house decorations expert

a CorelDRAW[®] product

Renowned Wilcom embroidery innovations combined with the creative power of CorelDRAW[®] is the ultimate tool to get you started in the decoration business.

Whatever the medium, be it screen printing, digital printing or embroidery, **DecoStudio[®]** is your in-house expert. Tackle projects from logo creation to eye-catching signs, screen prints and vector-based embroidery. Design multi-decoration pieces by freely working with both embroidered and printed elements in the one file. Regardless of your skill level, **DecoStudio[®]** transforms your ideas into professional results!

Includes the complete CorelDRAW[®] Graphics Suite

CorelDRAW[®], the complete graphic suite offering powerful graphic illustration, is a fully integrated part of **DecoStudio[®]**. It features best-in-class bitmap to vector tracing, enhanced illustration capabilities, photo-editing and professional clipart images.

Superior Wilcom stitch quality

Wilcom's patented stitch processor ensures you get the best quality embroidery results and efficient sewing time, every time. Plus, with 30 professional embroidery fonts, you have the advantage of premium quality Wilcom lettering.

You don't have to be an expert

Vector art

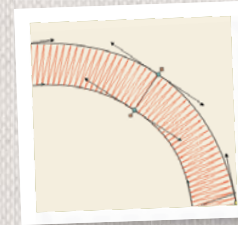

Converted to embroidery

DecoStudio[®] does the hard work for you. You choose the fabric and garment type and it will determine the best stitch settings for a quality result. It also speeds up the design creation process with automatic conversion from vector art to stitch, eliminating the need to digitize.

Flexibility and control

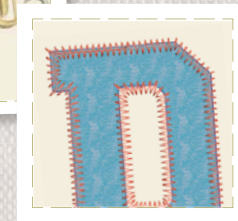

Having control over your design is important, so **DecoStudio[®]** provides you with true object-based editing to refine converted embroidery files as you need. You can even do your own simple embroidery digitizing where required.

Automated monogram and appliqué tools

DecoStudio[®]'s Monogram Wizard allows you to quickly and easily combine type styles, decorative motifs and borders to create personalized monograms for your customers.

Create striking appliqués with the Wilcom's appliqué tool which automatically builds all the tack-down, base and finishing stitches your machine requires.

The answer to multi-decoration design

If you want to explore the creative possibilities of multi-decoration design, your solution is finally here!

With **DecoStudio[®]**, for the first time, you can create inspiring combinations of decorations by fluidly working with both embroidery and print mediums, and keep it all in the one file for production. Layer your designs with different techniques of screen print, direct-to-garment, print embroidery, appliqué and more.
